Dear Parents/Guardians,

Principal's Message 2026

A warm welcome to Meridian Secondary School!

I am Mr Puah You Kai, the new Principal of Meridian Secondary School. I am deeply humbled to join the Meridian Family as its third Principal and honoured to take over the leadership baton from Mr Mohamad Razali.

Meridian Secondary School was established in April 2016 through the union of two schools in Pasir Ris: Siglap Secondary School and Coral Secondary School. Since our inception, we have been clear-eyed in our mission as a hope-building school for the community – providing all our students with deep care, instilling in them sound values, and developing in them the right mindsets, skillsets and toolsets to thrive long after they leave us.

Every parent and child aspires to find a school that cares deeply, provides an inspiring and meaningful education, and opens doors to future opportunities. At Meridian, we are committed to being that school. We develop Meridians to become Joyful Learners, Creative Thinkers and Compassionate Leaders, anchored on our RICH values of Resilience, Integrity, Compassion and Humility.

Despite our short history, we have made significant strides. Some of our students have been featured in the press for their accomplishments, while countless others continue to make us proud in their own unique ways. Many alumni remain in touch, and their continued development reinforces our holistic education approach – nurturing their character, creativity and resilience alongside their intellectual growth.

Since joining the school, I have connected with students, parents, alumni, SAC members, CCA coaches and various community partners who shared fond memories and a strong belief in what Meridian stands for. At the same time, they also expressed concerns about the challenges facing our youths today – from mental health pressures, to navigating relationships and peer dynamics, to thriving in a digital world increasingly shaped by social media and AI. Their stories have reinforced my conviction that we are building something truly special, but also reminded me that more than ever, we need to work more closely together as a school community to prepare our young for the future.

Our school's 10th anniversary in 2026 will be a meaningful opportunity to do just that – to honour those who have helped us get here, celebrate our achievements, and strengthen our partnerships as we welcome the dreams of past, present and future Meridians. I look forward to connecting more deeply with members of our Meridian Family, as we celebrate and chart the next bound of our growth together.

Wishing all a fruitful 2026 ahead!

Mr. Puah You Kai
Principal
Meridian Secondary School

5 Independent Learning Days (ILD)

Since 2021, Blended Learning has become a key feature of the schooling experience to further develop students' ability to be self-directed, passionate and life-long learners.

Through Blended Learning, regularly-scheduled Home-based Learning (HBL) Days will complement teaching and learning in all secondary schools. In Meridian, our HBL Days are called Independent Learning Days (ILDs). On these days, students do not have to come to school. They will manage their own learning and explore their interests from home.

ILDs will take place on even week Fridays, beginning 16 Jan 2026. There will be a total of 7 ILDs in Semester 1. The schedule of subjects and activities for each ILD can be found here: [Student Timetable](#). The timings in the timetable serve as a guide for students to allocate their time appropriately.

5.1 ILD Activities and Parents' Consent for Proposed SIL

Each ILD comprises curriculum tasks and Student-Initiated Learning (SIL) activities. Details of the curriculum tasks will be provided by subject teachers.

SIL activities are an opportunity for students to engage in learning beyond the formal curriculum. Students have autonomy to decide on an SIL activity that can deepen their personal interests and passions. We will be seeking parents'/guardians' consent for your child/ward's proposed SIL activities through Parents Gateway.

6 Personalised Digital Learning Programme (PDLP)

Students' learning during ILDs will be supported by the national Personalised Digital Learning Programme (PDLP). Under the PDLP, all secondary students will own a personal learning device (PLD).

Sec 1 students will be issued their devices in the last week of Term 1. More information on the collection will be communicated at a later date.

7 Student Handbook

Our digital Student Handbook outlines additional information on schooling in Meridian Secondary for students' ease of reference. The handbook can be accessed via: [2026 Student Handbook](#).

8 Student Management Matters

Character development is the cornerstone of every Meridian's educational experience. Adherence to school rules helps Meridians internalise our values of Resilience, Integrity, Compassion and Humility – shaping them into upright and contributing members of society.

We seek your partnership in reminding your child/ward to adhere to our school rules, which can be found in our digital Student Handbook ([2026 Student Handbook](#)). In particular, we would like to highlight the following rules below:

8.1 School Attire

Students are to be in the day's Full/Half School Uniform by Flag Raising Ceremony **every morning**.

The school attire is as follows:

SCHOOL ATTIRE

Students must wear full or half uniform (i.e., White Polo T-shirt with school uniform shorts/pants/culottes) with **shirts/T-shirts tucked in**.

No PE shorts to be worn.

Full Uniform or Half Uniform with White Polo T-shirt with School Uniform Bottoms

Students may wear low-cut sports shoes with laces, provided they are not in flashy colours. Students must wear plain white socks that are **visible and cover the ankle joints**.

8.2 Punctuality

Students must report punctually to school as well as for lessons. Students who are not present with their respective classes at the Flag Raising Ceremony venue by 7.30am will be considered **late** for school.

Students are also required to report to lessons on time when there is a switch of venues between lessons.

8.3 Mobile Phones and Possession of Expensive Items

To provide a conducive learning environment for the students, we strongly discourage students from bringing electronic devices, smart watches or other expensive items to school. In the event of loss of electronic devices or other expensive items due to students' negligence, the school shall not be held responsible.

To help students cultivate healthier screen use habits and better support student well-being in the digital age as part of national Grow Well SG efforts, the use of smart gadgets (e.g. smartphones/smart watches) is **NOT allowed during school hours, including recess, CCA and after school programmes** (e.g. supplementary/enrichment/remedial lesson). Students found to infringe this rule may have their smartphones/smart watches confiscated by the teacher for the day.

Students are required to place their mobile phones in their lockers before the start of the first lesson. All mobile phones are to be switched off and/or turned to silent mode. Students may collect their phones from their lockers at the end of their last school activity for the day.

Form Teachers will assign each student a locker on the first day of school. The use of lockers is provided free of charge. Students are expected to use the lockers in a responsible manner.

As a welcome gift, Sec 1 students will be presented with a number combination lock to secure the locker assigned to them on the first day of school.

9 Road Safety

For the safety of our students and other road users, we would like to remind parents/guardians who drive into school of the following:

- Do not stop your vehicles directly in front of the school gates or too close to the traffic light when alighting or picking up passengers.
- Cooperate with the security guards and staff who are directing the traffic by following their instructions.
- Slow down your vehicle as the speed limit within the school compound is 10 km/h.
- In light of ongoing roadworks around the vicinity of the school and Pasir Ris, we urge all students and visitors to take extra precautions when using the pedestrian crossings and walkways when coming to school.

9.1 Advisory for Cyclists

If your child/ward is cycling to school, he/she should wear a protective helmet, demonstrate competency in safe cycling and be aware of the cycling rules.

- b. educate students on personal responsibility for their own health and social responsibility.

The ATTEEx will be conducted on 1 Apr immediately after the morning flag-raising ceremony. All students are to bring their own *working* Oral Digital Thermometers (ODT) on that day.
